

2021 PCE Off-Site Exam Schedule & Proctor Requirements

***Please read this document in its entirety before registering for the examination & selecting your proctor.**

1. You must register and pay for the certification exam by submitting your registration form to PCE. After your payment is processed, you will then receive a proctor form via email. The proctor form must be completed by the proctor and signed by both parties then sent to the PCE office via email by the examinee (email to: PCEexam@childbirtheeducation.org) by the proctor form due date for your selected exam cycle. Faxes or photos of forms will not be accepted. Not having the form completed in its entirety will delay processing. Once PCE receives the completed proctor form, the examination will be shipped to your proctor's designated shipping address from the proctor form on the date according to your selected off-site exam cycle. The PCE off-site certification examination schedule starts on page two.
2. The examination is sent directly to the proctor with tracking, to the address that you list on the proctor form. The shipping address cannot be a residential address. It must be a work address with a specific office or mailbox delivery address. If the address supplied is incorrect or incomplete and the examination is not received by the proctor or back to PCE after completion of the exam, there is a \$75.00 fee to re-send the examination. The exam is shipped via US Mail (The US Postal Service) only. If your shipping destination has issues receiving mail from The US Postal Service or does not receive US Mail at that location, you must select a different shipping address. PCE cannot ship using FedEx or UPS, only the US Postal Service (US Mail).
3. **PROCTOR SELECTION & EXAM LOCATION SELECTION REQUIREMENTS:**
 - You may choose your own proctor. The proctor must be a professional at management level or higher, (i.e. a nursing supervisor, manager or education lead). It cannot be a co-worker or colleague. PCE will contact the proctor for verification.
 - If you do not wish to take the exam at your place of employment, you may also use a testing center in your area. While PCE does not have specific recommendations of testing centers, here is a helpful third party website that can direct you to the National College Testing Association (NCTA). Visit their interactive website, <https://ncta.memberclicks.net/interactive-map>, for locations and additional information.
 - If the testing centers on that above website do not work for you, you can also research testing centers in your area as all testing centers would be acceptable, not just those listed in the NCTA website.
 - Your proctor must have a dedicated office or mailbox that the exam can be shipped to within the exam location if taking the exam at your place of employment with your supervisor. If your proctor does not have a dedicated office or mailbox, then you must choose a new proctor. The exam cannot be shipped to a general hospital floor.
 - The examination cannot be taken at a residential address and the exam cannot be shipped to a residential address.
 - Your exam shipping address must be able to receive mail from the US Postal Service. If it does not, you must select a new exam location that meets the requirements outlined in this document.
 - The proctor cannot be a family member.
 - The proctor cannot be a person who has taken the PCE certification examination within the past five years.
 - The proctor cannot be a past PCE instructor.
 - If there is a discrepancy with authenticity of the proctor or the shipping address, the examinee will need to come to an on-site location to take the exam or forfeit the exam fee.
 - The examination location should be in a public building, (i.e. hospital, public library, testing center, college/school). It cannot be in a personal residence.
 - **The examination & all required paperwork must be RECEIVED back in the PCE office no later than the exam due date in your selected exam cycle.** **Please Note:* If the examination is received at the office after the exam due date, a \$75.00 late fee will be charged in order to have your exam processed and your exam results will be delayed an additional 30 days.

6. PROCTOR RESPONSIBILITIES:

- The proctor should actively supervise the testing room at all times.
 - The examinee has one hour to complete the examination.
 - If there is more than one person taking the examination, the proctor should have the participants sit far enough apart that they cannot see each other's exam.
 - **The proctor should ensure that those taking the examination do not have access to textbooks, notes or study guides.**
 - Proctors may not read examination questions, discuss the examination, or answer questions regarding examination content.
 - Upon completion of the examination, **the proctor is required to return all paperwork to the PCE Office.**
 - The proctor must be the one to package and return the exam and all exam materials. The exam candidate must provide the cost of return postage to the proctor.
 - Return the examination & all paperwork in the provided shipping envelope to: Prepared Childbirth Educators, Inc., 7918 Main St OFC, PO Box 99, Fogelsville, PA 18051 *
 - Exams must be received in the PCE office by due date stated in your selected exam cycle. If the examination is received after the due date, it will require a \$75.00 late fee for processing and your exam results will be delayed an additional 30 days.
 - PCE requires using delivery confirmation or tracking to ensure safe delivery to the office. It is the exam candidate's responsibility to ensure the exam arrives at the PCE offices by the due date. You do not need to provide the tracking information to PCE, but use it to track a safe delivery. PCE will not confirm if your exam is received.
- *Please Note:** In the occurrence that a completed exam is not received at the PCE office due to being lost in the mail, the examinee is responsible for the cost of another examination and all previous payments are forfeited. To avoid this, using delivery confirmation & tracking when returning the exam to PCE is **required**.
